Professional Experience

Mobile App Developer — Smart Computing Pvt Ltd

Aug 2025 – Jan 2026

- Contributed to fintech-focused super app ecosystem with payments, chat, and subscription workflows.
- Integrated Stripe, Bridge, and PayCrypto gateways with secure transaction handling.
- Implemented encrypted real-time chat using WebRTC and scalable modular architecture.

Junior Mobile App Developer — 7 Skies Solutions

Jan 2023 – Dec 2024

- Delivered 8+ cross-platform apps, including one exceeding 10K+ downloads.
- Implemented Clean Architecture with structured API handling, pagination, and token-based authentication.
- Optimized widget rebuilds and profiled performance using Flutter DevTools.
- Managed Play Store releases including signing configuration and versioning.

Selected Projects

Beindpower Super App (SaaS Multi-Module Platform)

- Architected fintech modules: on/off-ramp, fiat transactions, subscriptions, virtual/physical cards.
- Built real-time encrypted chat and integrated multi-channel payment gateways.
- Designed scalable modular architecture supporting marketplace, music SDK, and chat-based transfers.

Vaihok Super App

- Developed fintech workflows with secure one-to-one/group chat and in-app financial transfers.

Goffix

- Real-time service booking platform with Firebase integration and structured state management.

Education

Bachelor of Science in Computer Science

The Islamia University of Bahawalpur

CGPA: 3.5 / 4.0

2021 – 2025
